Teamwork | Problem Solving

INTERESTS

- Learning new Things

Abida Patan

Web Engineer

PROFESSIONAL SUMMARY

Dedicated and motivated web engineer with a strong foundation in HTML, CSS, and JavaScript. Quick to learn new technologies, with a keen understanding of web development principles. Adept at problem-solving, collaboration, and utilizing version control tools for efficient project management.

PROJECTS

1. Tata Cliq Fashion | ⊕ | ⦿
JavaScript | HTML5 | CSS3

- Implemented user authentication with signup and login features.
- Designed a user-friendly interface using HTML, CSS, and JavaScript.
- Built the backend using Glitch for hosting and server-side logic.
- Managed all tasks independently and completed the project within 10 days.
- Developed a solo online shopping platform for clothing and home appliances.

2. 5 Star Food Delivery | ⊕ | ⦿
HTML5 | CSS3 | JavaScript

- Developed an online platform for food ordering and delivery using HTML5, CSS3, and JavaScript.
- Implemented responsive and accessible designs to enhance the user experience across various devices.
- Integrated user authentication features, including signup and login, to ensure secure access for customers.
- Collaborated with RESTful API services to enable dynamic content fetching and display for food items.
- Utilized Git for version control to manage code changes and track project progress efficiently.
